As a public design college, we're fortunate to have a thriving community diverse in culture, race, gender, and personal interests. Our differences strengthen our creative environment, and we welcome students of all backgrounds.

Fact

To solve the grand challenges facing society, you need to work side by side with leaders in the private, public and nonprofit sectors. At NC State, we know that **world-changing research and scholarship** are built on innovative partnerships. And we've shown time and again that those partnerships **create jobs and improve lives** by driving cutting-edge discoveries to market.
